Dear NACC Members,

Please find below the next steps in the NACC accreditation process. The documents contained here are the product of hard work and dedication of the members of the NACC Task Force on Accreditation. On behalf of the NACC Board, I want to thank everyone on these working groups (listed below) for their time, expertise, effort and dedication to NACC and to this process.

The task force was divided into three working groups:

The Accreditation Process group was tasked with developing “what” we will be asking of potential accreditation applicants. You can [see the product of this effort here](#). In addition, please see an [overview Power Point presentation](#) about the accreditation process.

The second working group was to develop a Business Plan to carry out the accreditation process. View the [Business Plan](#) and the [Financial Model](#).

The final working group examined the existing membership structure of NACC through the lens of a potential accreditation process. The goal was to develop a membership structure that would work for NACC and for accreditation. View the [proposal for membership here](#).

Please review these above documents and send your comments and feedback to the Erin Vokes at e.vokes@csuohio.edu by June 20, 2017. The committees will take this feedback and produce the final documents and plans for NACC accreditation for our business meeting which will take place prior to the NACC conference in Indianapolis, on Monday, July 31, 2017. [Register for the conference here](#).

Thank you very much for your attention to this important new step for NACC and thanks again to the committee members who made it all possible.
