

Nonprofit Academic Centers Council

## **NACC POLICY AND PROCEDURES REGARDING THE PURCHASE OF ALCOHOL**

*The Nonprofit Academic Centers Council (NACC) is an international membership association comprised of academic centers or programs at accredited colleges and universities focused on the study of nonprofit/nongovernmental organizations, voluntary action, and/or philanthropy. As part of this mission and the values of the organization, NACC provides regular opportunities for networking and collaboration. Various networking events can be held at places such as restaurants, bars, or receptions within other conferences, all of which may provide alcohol for attendees.*

*NACC allows the purchase of alcohol through any of our accounts for all instances that align and advance our mission. The expense will be approved by the board president or treasurer.*
